

EASTER NOTE

Dear Brothers and Sisters,

Christ is Risen! Alleluia!

"There's no crucifixion that can't be cured by a good resurrection." I heard this quote on XM Radio not long ago and it stuck with me. This year we celebrate Easter Sunday on April 1st or "April Fools Day". To be a "fool for Christ" means to trust, ultimately, that **there is more** to our personal story and that of our world than sin, sadness, and life's unfair situations.

To be a "fool for Christ" will always protect us from all that could settle/harden in us that God would never want there. Also, this way of life will protect and restore the joy that Jesus wants us to have and to offer to others. He himself said to us plainly: "In the world you will have trouble. But be of good cheer; I have overcome the world." (Jn 16:33)

Let's keep praying for each other and growing closer to the Risen Christ who desires to live His New Life in us as a family of faith, hope and love each day.

With love and prayers,

Fr. Will
